

# Times Tables – Years 5 and 6

Recall multiples of 12 in any order, including missing numbers and related division facts fluently.

Recall multiples of all times tables up to 12x12 in any order, including missing numbers and related division facts with growing fluency.

## Top Tips when learning Times Tables:

- Counting in steps / groups e.g. 2,4,6,8,10 etc
- Using a hundred square
- Look for patterns
- Drawing pictures to represent each table fact
- Using objects to makes groups
- Chanting the table
- Singing counting songs
- There are many songs on YouTube

## MORE TOP TIPS

- Practise little and often. Can you practise these KIRFs while walking to school or during a car journey?
- You don't need o practise them all at once: perhaps you could have a fact family of the day.
- It is really important for your child to use mathematical vocabulary accurately.

- **Squared numbers** e.g. a number timed by itself –  $8 \times 8 = 64$   
 $3 \times 3 = 9$

- **Cubed numbers** e.g.  
 $2 \times 2 \times 2 = 8$   
 $4 \times 4 \times 4 = 64$   
 $7 \times 7 \times 7 = 343$

- Answering questions in any order, including missing number questions e.g.  
 $7 \times \_ = 28$

- Then apply knowledge to decimals e.g.  
 $0.7 \times \_ = 4.2$

**If you have questions then please ask your child's teacher. Thank you for your support.**
