YEAR 6 AUTUMN 2 BIG PICTURE

Aspire, Believe, Achieve

The 'Unsinkable' Titanic

English

Linked to our work in history, we will be creating our own non-chronological reports and discussion texts explaining why so many lives were lost on board the Titanic.
We will also write our own narrative, based on a real passenger onboard the ship.
In addition to this, we will explore figurative language and create poetry.

Art and Design

In Art, we will be developing our skills as photographers. We will create photomontages and consider how artists use photography in their work. We will use editing software to change our images.

Music

We will explore the musical form of theme and variations, drawing inspiration from the vibrant Pop Art movement. We will understand how composers develop and transform musical ideas.

PSHE

We will be learning how to empathise with people who are different and consider how best to stand up for what is right.

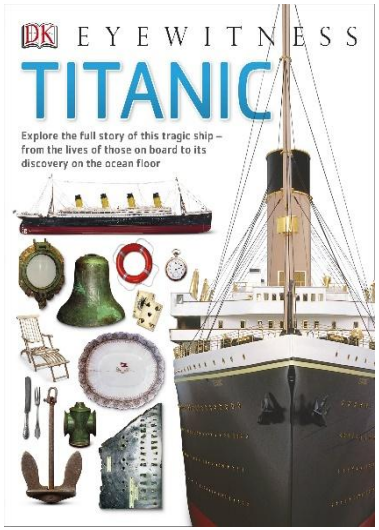

Computing

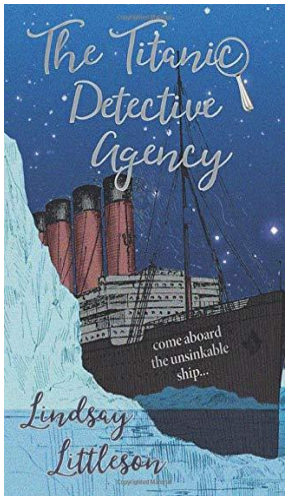

We will be learning about different AI technologies and what they can be helpful for and how they can help us in everyday life.

Science

Living Things and their Habitats (Nature's Library)

We will be learning how living things are classified and give reasons for grouping plants and animals based on specific characteristics.

PE

In PE this term, the children will be developing their gymnastics skills, focusing on balance, coordination, and controlled movements. They will also be learning netball techniques, including passing, shooting, and working effectively as part of a team.

Maths

We will be focussing on fractions for this half term. We are learning how to compare, simplify and convert fractions. We will be understanding how to add and subtract fractions and mixed numbers as well as multiplying and dividing fractions by an integer. We will also be learning how to find fractions of an amount. In addition to our weekly arithmetic practise, we will also be learning how to represent maths pictorially with bar models.

RE

We will be focussing on how Christians live and think about 'What Would Jesus Do?'

History

We will evaluate the reliability of different sources used to teach us about the Titanic.
We will also use artefacts to give an insight into life onboard the ship and question why so many lives were lost.

French

This half term we will be learning French vocabulary and grammar through the theme of football. We will be introduced to nouns and phrases related to the game.
